Will Retain Their Forces.

PERIN, June 13.—The British, Germans and Italians contemplate retaining a General each to command the foreign forces which will probably be stationed at Tien Tsin.

The Italians are preparing to retain 2,200 men in the province of Chi Li, which will be proportionately larger than that of any other country. The British, French and Germans will retain about 3,000 men each and the Americans 150, although the Americans appear to be desirous of being regarded as representing a first-class power.

A Big Deal

MANILA, June 13.—Prince Poniatowski of San Francisco has secured from the Sultan of Jolo an absolute concession for fifty years ending with the year 1950 for the island of Paragua. It is reported that the Prince has formed a \$10,000,000 company and is making plans for the most thorough exploitation of the timber, mining, rubber and pearl industries of the island and the development of shipping. The scheme also contemplates the building of roads and harbor improvements.

The agents of the Prince here, presented the documents to the Philippine Commission today and asked for an indorsement of the plan. The question involves the agreement of General Bates with the Sultan and also the validity of the Sultan's jurisdiction and authority which occupied an uncertain status with Spain and afterward with the United States. The Commission will probably refer the question to Washington.

The military authorities are on record as opposed to recognizing the Sultan's timber permits to public lands, as the forestry bureau has collected taxes on these lands.

Many Lives Lost.

INDIANAPOLIS, June 1.—A telephone message to the "Sentinel" from West Baden, Ind., states that the West Baden Springs Hotel at that place was totally destroyed by fire this morning. The hotel was filled with guests, and it is estimated that between 150 and 200 perished in the flames.

The fire started about 4 o'clock in the morning and the entire building was soon in flames. The hotel was filled with guests and the greatest confusion prevailed. The West Baden Springs Hotel is the largest hotel in Indiana. It cost \$1,000,000 and contained some 700 or 800 rooms. Details of the catastrophe are meager. Medical assistance has been sent from this and other towns that have been notified of the holocaust.
